

Adjunct Faculty Emergency Relief Grant  
Presented by the Community Service and Engagement Committee  
October 2024

AFT 1521 members working as adjunct faculty often face financial challenges that full-time and classified members do not. This is due to our employer not offering sufficient full-time positions for the adjunct faculty members who want them. To relieve some of the financial stress, AFT 1521 is offering a twice-yearly grant of \$250.00 to 20 members working as true adjunct faculty.

True adjunct faculty who wish to apply for the grant must do so by 11:59 p.m., Friday, November 8, 2024. Grant recipients will be announced Friday, November 15, 2024. All qualified applicants will be placed into a lottery and the first 20 names drawn will receive the grant.
